RE: CONFIRMATION LETTER FOR WORK RELATED LEARNING PLACEMENT.

TO WHOM IT MAY CONCERN

This letter serves to confirm that Munyamadzi P. Sigaube, Registration Number R2393964, is a bona fide registered student in the Department of Surveying and Geomatics at Midlands State University. He/She is scheduled to undergo work-related learning from **June 2025 to July 2026**.

As part of the requirements for the Bachelor of Science Honours Degree in Surveying and Geomatics, all 3rd and 4th-year students are expected to undertake work-related learning for a **minimum period of 10 months**. The main objective of this attachment is to provide students with an opportunity to learn from professionals in the industry and to gain practical knowledge and skills relevant to their field of study.

The student is expected to be actively involved in **both fieldwork and office-based tasks, under the guidance of experienced personnel**. This is a learning phase, where the student is required to observe, participate, and gain insight into real-world applications of the concepts introduced during their academic training.

If the student is accepted into your organisation, the university will arrange **two formal assessment visits by academic staff**, in collaboration with the workplace supervisor, to monitor and support the student's progress throughout the attachment period.

Should you require any additional information or clarification, please feel free to contact us at your convenience.

In case of any queries regarding this recommendation or any other issue which you think, as a department, we may be able to assist, kindly contact any of the undersigned at the earliest convenience.

Yours Faithfully,

Mrs. L. Ndinde (Acting-Chairperson)

Dear Sir/Madam

I am applying for an attachment in Mining Surveying at your company as a third-year student pursuing a Degree in Geomatics at Midland State University. I am eager to gain hands-on experience and further develop my skills in land surveying, geospatial data analysis, and other related fieldwork. Through my academic training, I have acquired a strong foundation in Engineering Surveying, Mining Surveying, Topographical Surveying, Cadastral Surveying and Data Collection, use of Surveying equipment such as Total Station, Theodolite, GPS, Dumpy Levels and others.

I am confident that this attachment will allow me to contribute effectively while enhancing my practical knowledge under the guidance of experienced professionals. I am highly motivated, detailed-oriented, and committed to maintaining accuracy in all Geomatics tasks. I would welcome the opportunity to discuss how my skills align with your needs.

Please find my CV attached for your review. Thank you for your time and consideration. I look forward to the possibility of contributing to your team and would be happy to provide with any additional information if needed.

Sincerely,

Munyaradzi P Sigauke
